D LESSONS AND ISSUES

- PanAust has built a solid foundation of the practical implementation and adherence to, the VP's in the areas in which we currently operate.
- As a wholly owned subsidiary of Guangdong Rising Assets Management Co. Ltd (GRAM), a Chinese State Owned Enterprise, we are focussed on developing the Frieda River Project in Papua New Guinea, continuing exploration activities in Laos and Myanmar and have recently commenced owner operated logistics in Thailand and Vietnam.
- This presents us with a unique opportunity to broaden and influence the Voluntary Principle's Initiative to new jurisdictions currently not significantly represented in the coming years.
- PanAust is committed to implementation of the Voluntary Principles within its future growth strategy.
