

SECTION 2: CORPORATE PILLAR REPORTING GUIDELINES

I. INTRODUCTION

Each Participant in the Voluntary Principles Initiative is required to report annually to the Plenary on its efforts to implement, and/or assist in the implementation of, the Voluntary Principles. Such report is submitted to the Secretariat to be posted on the password-protected portion of the Voluntary Principles website, and, if the Participant so chooses, on the public Voluntary Principles website.

The reports are not intended to grade implementation by one Participant against another. Participants are expected to describe their efforts to implement the Voluntary Principles each year recognizing any and all security and legal considerations, as well as practical issues related to the collection of required information.

The reporting guidelines set forth below shall be followed by each member of the Corporate Pillar for the first report it submits, and each report submitted every three years thereafter (each, a “Full Report”). During the interim years, each member of the Corporate Pillar shall be required to submit a report (each, an “Update Report”) which shall incorporate by reference its previous Full Report and provide updates, if any, with respect to any of the sections set out below.

Corporate Participants have the option of submitting a copy of their annual report to be posted on the Voluntary Principles public website. The version submitted for public release may be modified from the version submitted to the Voluntary Principles Initiative in advance of the Annual Plenary Meeting. Corporate Participants may use a consistent framework for their public reports.

The Secretariat will include in the annual summary public report, on a no-name basis, a description of key issues raised in the annual reports. This report will be posted on the Voluntary Principles website. Prior to publication, the draft public report will be distributed to all Participants for agreement and sign-off.

II. CORPORATE PILLAR REPORTING GUIDELINES

The Corporate Pillar Reporting Guidelines are divided into five sections:

- (A) Commitment to the Voluntary Principles;
- (B) Policies, Procedures and Related Activities;
- (C) Country Implementation;
- (D) Lessons and Issues; and
- (E) Engaged Company Progress on Implementation

Sections A-C set forth expected reporting commitments and Section D is optional. Section E is applicable solely to Engaged Companies.

Note that some of the reporting guidelines call for a description of company processes, while others call for examples, often of the processes in practice. In addition, some of the reporting guidelines may call for overlapping or related material, which may appropriately be combined by companies in their reports. Further, for some of the reporting guidelines, there are detailed Guidance Notes, which align with or are otherwise related to the Guidance on Certain Roles and Responsibilities of Companies;

while these Guidance Notes are optional, robust and fulsome annual reports will take due consideration of them, and seek to incorporate them where applicable and appropriate. The Reporting Guidelines also contain cross-references to relevant UN Guiding Principles on Business and Human Rights, which may further inform the substance or manner in which information is reported.

III. REPORTING CONTENT

Please note that pursuant to Section I above, a Full Report is required to be submitted only once every three years. In all other years, an Update Report is required.

IMPORTANT EXPLANATORY NOTE:

- For a Full Report, your submission should address in detail the matters set forth in the table below.
- For an Update Report, your submission should only address each section of the table to the extent there has been a material change since your last submission. If there has been no material change, you must indicate this. For the avoidance of doubt, routine activities and non-significant changes to documents or processes do not constitute a material change.
